BAM! बड़ा जायका, आएगा मज़ा

Four reasons goZaika works for serious restaurant brands

Rs

Recover margin. Not reputation.

Turn planned kitchen prep into a revenue channel without weakening your menu value. Just smart release timing.

CRM

New customers. Your data.

Every BAM Bag claim introduces a customer who chose you. Customer details flow back to your CRM, not into a black box.

IN

They walk in. You sell more.

41% of pickup customers buy additional items at collection. Every window is a counter upsell moment.

BRAND

Your brand stays your brand.

Your restaurant name, food story, and hospitality stay front and centre. You decide what drops, when it drops, and how it is presented.
